Re: KQRZ-LP, Hillsboro, OR
Facility I.D. No.: 134266
Washington County Radio Foundation, Inc.
BMPL-20080402AAA¹
BSTA-20111026AAW

Dear Applicant:

This letter refers to the above-captioned application for Special Temporary Authority to change location of KQRZ-LP from that previously requested in BPL-20080402AAA and authorized in BSTA-20080402ADJ.²

In the application, Washington County Radio Foundation, Inc. proposes to operate on channel 268, pursuant to the second adjacent channel waiver procedures adopted by the Commission in its Third Report and Order in *Creation of a Low Power Radio Service*.³ The staff has tentatively concluded that the KQRZ-LP application meets the requirements of the Second-Adjacent Channel Waiver Standard and is otherwise acceptable for filing. An engineering analysis has determined that there are no alternate, fully spaced, and rule compliant channels available. In accordance with these procedures, this letter constitutes approval to operate under special temporary authority ("STA") with the following facilities:

¹ Pending application for KQRZ-LP (BMPL-20080402AAA) was amended on December 23, 2011. The amendment proposes the same parameters as the STA (BSTA-20111026AAW).

² BSTA-20080402ADJ was granted on August 25, 2008.

³ *Creation of a Low Power Radio Service*, Third Report and Order and Second Further Notice of Proposed Rulemaking, 22 FCC Rcd 21912, 21939-40 (2007).

Geographic coordinates:	45° 27' 29" N, 122° 52' 05" W (NAD 27)
Channel	268
Effective radiated power:	0.005 kilowatt
Antenna height:	
above ground:	15 meters
above mean sea level:	227 meters
Above average terrain:	131 meters

Application BMPL-20080402AAA, as amended, will be retained in pending status and the request for STA IS HEREBY GRANTED. STAs issued pursuant to these procedures will be subject to any action taken by the Commission in the *Second Further Notice*. The Commission will withhold final determination of the waiver request until action on the *Second Further Notice* proposals.

KQRZ-LP must notify the Commission when STA operation has commenced. KQRZ-LP must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **August 14, 2012**.

Sincerely,

Edna V. Prado
Supervisory Engineer
